Nelson Pade®

The Most Trusted Name in Aquaponics®

Hello,

Thank you for your interest in Nelson and Pade, Inc.®'s Aquaponics Master Class®. We are confident that when you attend our class, you will learn a great deal about aquaponics and controlled environment agriculture and will have a fantastic time doing so. We have had attendees from 106 countries and all 50 U.S. States, with interests ranging from home food production to commercial ventures to mission projects.

The purpose of our classes is to help people get started in aquaponics with a thorough understanding of the methodology, science and logistics that success in aquaponics requires and to give you a platform of information so you can move forward and make good decisions in each step of the process. Our goal as a result of running these classes is to have people using aquaponics and controlled environment agriculture to feed people around the world. And, I am happy to say that many of our previous class attendees are doing just that. We have shipped our Clear Flow Aquaponic Systems® to clients in nearly 30 countries.

We have spent over 30 years building, operating and refining aquaponic systems and we enjoy sharing our knowledge and passion for this exciting technology. Our registration form is attached. As you read it, you will see three statements.

The first outlines our generous refund policy.

The second statement gives permission for us to use photos of you on our website and in advertising. Very often we post workshop photos on Facebook for workshop attendees and others to view, so this statement covers that type of situation.

The third statement re-affirms that the reason why you are attending the Aquaponics Master Class® is to *learn* about aquaponic food production so you can use the information to grow food. Additionally, it goes on to address that all course materials are copyrighted by Nelson and Pade, Inc.® and cannot be reproduced or distributed. Finally it states that you, the attendee, understand that Clear Flow Aquaponics Systems® with ZDEP® are patented by Nelson and Pade, Inc.® and you cannot copy, build, produce, or sell these or similar systems unless licensed by Nelson and Pade, Inc.®

In addition to the wealth of knowledge presented, the Aquaponics Master Class® results in friendships as like-minded individuals join us for the three days of great food, learning and fun.

Be sure to register early because space is limited and most of our classes are filled to capacity.

If you have any other questions, just let us know. We look forward to meeting you!

Best regards,

Rebecca, John and the Nelson and Pade, Inc.® Team
